

## Using ICEDIT in Reaxys

- Download and install the “Reaxys Structure Editor Plugins” under [http://www.info.reaxys.com/support\\_downloads](http://www.info.reaxys.com/support_downloads)

- Get license for ICEDIT and install application (setup.exe)
  - “ICEDIT for Reaxys” will be automatically installed when the above mentioned Plugin is installed
- Set ICEDIT as default drawing tool in Reaxys under “My Settings”
  - Open “Modify Application Settings”
  - Select “ICEDIT” and click “Save”
  - Restart the browser
